

# State Contacts for Additional Information on Lead

---

## ALABAMA

### Alabama Department of Public Health

- **Bureau Of Environmental Services**  
**Contact:** Gary Jones, Deputy Director or Phyllis Mardis (for questions about Title X)  
**Phone:** (334) 206-5373  
**Fax:** (334) 206-5788  
**Services in languages other than English:** Spanish booklets are available.  
**Activities:** This office handles lead abatement and indoor air quality issues.
- **Bureau Of Family Health Services**  
**Childhood Lead Poisoning Prevention Project Contact:** Anic Lopez, RN or Judith Waters, RN  
**Phone:** (334) 206-2965 (for Anic Lopez) or (334) 206-2966 (for Judith Waters)  
**Fax:** (334) 206-2965  
**Services in languages other than English:** Educational materials are available in Spanish, French, and Chinese.  
**Activities:** Activities include educational outreach and inspections.
- **Division of Epidemiology**  
**Contact:** J.P. Lofgren MD  
**Phone:** (334) 206-5371  
**Activities:** This office provides information about adult lead poisoning.

### United States Environmental Protection Agency

**Region IV** (Atlanta, GA office)

**Phone:** (404) 562-8998

**Fax:** (404) 562-8972

**Activities:** The EPA Region IV office implements federal environmental programs in the state of Alabama. This regional office cooperates with federal, state, interstate, and local agencies, as well as with industry, academic institutions, and other private groups to ensure that needs are addressed and that federal environmental laws are upheld.

---

## ALASKA

### State of Alaska Department of Health and Social Services

**Contact:** Charles Wood

**Phone:** (907) 269-8000

**Fax:** (907) 562-7802

**Services in languages other than English:** Educational materials are available in Spanish.

**Activities:** This office provides lead testing and educational outreach. A record of children with blood lead levels above 10 micrograms per deciliter in the state of Alaska is maintained.

### **United States Environmental Protection Agency**

**Region X** (Seattle, WA office)

**Phone:** (206) 553-1985

**Fax:** (206) 553-8509

**Activities:** The EPA Region I office implements federal environmental programs in the state of Oregon. This regional office cooperates with federal, state, interstate, and local agencies, as well as with industry, academic institutions, and other private groups to ensure that needs are addressed and that federal environmental laws are upheld.

---

## **ARIZONA**

### **Bureau of Epidemiology and Disease Control Services**

#### **Office of Environmental Health**

**Contact:** Patty Arreola

**Phone:** 1-800-367-6412 (for Arizona residents only) or (602) 230-5943

**Fax:** (602) 230-5933

**Web site:** <http://www.hs.state.az.us>

**Services in languages other than English:** Educational materials in Spanish and Spanish-speaking staff are available.

**Activities:** Information is provided on state lead activities, and educational outreach is provided.

### **Arizona Occupational Safety and Health Administration**

**Contact:** Fernando Mendieta

**Phone:** (602) 542-1770

**Fax:** (602) 542-1614

**Services in languages other than English:** Educational materials in Spanish, and Spanish-speaking staff are available.

**Activities:** This office is responsible for announcing and enforcing workplace standards in the state of Arizona.

### **Arizona Department of Environmental Quality**

#### **Drinking Water Section**

**Phone:** (602) 207-4644

**Fax:** (602) 207-4634

**Services in languages other than English:** Spanish-speaking staff are available.

**Activities:** This office answers questions about lead in drinking water.

**City of Phoenix Water Services Department  
Customer Service Center**

**Phone:** (602) 262-6251

**Services in languages other than English:** Spanish-speaking staff are available.

**Activities:** This office answers questions about lead in drinking water for the city of Phoenix.

**United States Environmental Protection Agency  
Region IX (San Francisco, CA office)**

**Phone:** (415) 744-1128

**Fax:** (415) 744-1117

**Activities:** The EPA Region IX office implements federal environmental programs in the state of Arizona. This regional office cooperates with federal, state, interstate, and local agencies, as well as with industry, academic institutions and other private groups to ensure that needs are addressed and that federal environmental laws are upheld.

---

**ARKANSAS**

**Arkansas Department of Public Health**

- **Bureau of Environmental Health Services**

**Contact:** Jerry Hill, Director

**Phone:** (501) 661-2574

**Fax:** (501) 661-2468

**Services in languages other than English:** Spanish materials are available.

**Activities:** This is the contact for state lead activities.

- **Division of Sanitation Services**

**Contact:** Ken Free, Program Coordinator

**Phone:** (501) 661-2534

**Fax:** (501) 661-2572

**Services in languages other than English:** Spanish materials are available

**Activities:** Responsible for all health department environmental inspections and surveillance; does some public housing inspections for HUD.

- **Division of Child and Adolescent Health**

**Contact:** Janice James, Blood Lead Screening Coordinator or  
Bob West, MD, Pediatric Medical Consultant

**Services in languages other than English:** Spanish materials are available

**Activities:** Blood lead screening is done at all local health units on EPSTD clients age 12 to 15 months, 18 to 24 months, and 2 to 3 years depending on the location. Screening is also done on patients meeting high risk criteria and referrals from physicians. Case management of children with elevated blood lead levels and

follow-up for confirmed higher levels (greater than 20ug/dL) is provided to ensure appropriate medical care and coordinate environmental inspection.

- **Public Health Laboratories**

**Contact:** Mike Foreman, Director

**Phone:** (501) 661-2191

**Fax:** (501) 661-2310

**Services in languages other than English:** Spanish materials are available.

**Activities:** Analysis of blood-lead samples and analysis of lead in potable water.

### **Arkansas Department of Pollution Control and Ecology**

#### **Asbestos/Lead Air Division**

**Contact:** Jeff Purtle, Program Manager

**Phone:** (501) 661-2534

**Fax:** (501) 661-2572

**Services in languages other than English:** Spanish materials are available

**Activities:** Disposal (RCRA), Training/Certification/ Accreditation

### **United States Environmental Protection Agency**

**Region IV** (Atlanta, GA office)

**Phone:** (404) 562-8998

**Fax:** (404) 562-8972

**Activities** The EPA Region IV office implements federal environmental programs in the state of Arkansas. This regional office cooperates with federal, state, interstate, and local agencies, as well as with industry, academic institutions, and other private groups to ensure that needs are addressed and that federal environmental laws are upheld.

---

## **CALIFORNIA**

### **LOCAL AND REGIONAL CONTACTS:**

#### **Alameda County Lead Poisoning Prevention Program**

**Contact:** Steven Schwartzberg, MPH, Director

**Phone:** (510) 567-8281

**Fax:** (510) 567-8272

**Services in languages other than English:** Spanish-, Chinese-, French-, Cantonese-, Mandarin- and Toisanese-speaking staff are available. Educational materials are available in Spanish, Chinese, Vietnamese, Laotian, Cambodian and Laoti.

**Fax:** (530) 538-7297

**Services in languages other than English:** Spanish- and Hmong-speaking staff are available. Educational materials are available in Spanish and Hmong.

**Activities:** This agency provides follow-up and case management for elevated blood-lead levels, outreach and education to the community, to medical providers, to schools and day cares.

### **Hardin County Health Department**

**Phone:** (409) 246-5188

**Fax:** (409) 246-4373

**Activities:** This office provides educational outreach.

### **Healthy Children Organizing Project (formally known as the Lead Poisoning Prevention Project.)**

**Phone:** (415) 777-9648

**Fax:** (415) 777-5267

**TDD:** (415) 777-9456

**E-mail Address:** [CarolineMitchell@consumer@action.org](mailto:CarolineMitchell@consumer@action.org)

**Services in languages other than English:** Bilingual staff available for speakers of Spanish and Chinese. Educational materials are available in Spanish, Vietnamese, Cambodian, Laotian, Russian and Tagalog.

**Activities:** This agency provides lead education and information on community organizing for citizens of San Francisco.

### **Humboldt County Public Health Department**

**Contact:** Jeff Arnold, Director

**Phone:** (707) 445-6200

**Fax:** (707) 445-6097

**E-mail:** [jarnold@mail.co.humboldt.ca.us](mailto:jarnold@mail.co.humboldt.ca.us)

**Services in languages other than English:** Spanish-speaking staff are available. Educational materials are available in Spanish and Hmong.

**Activities:** This office provides outreach, education and training for parents, organizations and professionals. Case management services are also provided.

### **Marian County Childhood Lead Poisoning Prevention Program**

**Contact:** Linda Mariscal, PHN

**Phone:**(415) 499-3254

**Fax:** (415) 499-6002

**Services in languages other than English:** Spanish-speaking staff are available. Educational materials are available in Spanish and Vietnamese.

**Activities:** This office provides screening and testing of children, case management of lead burdened children, and educational outreach to community, parents and medical providers.

### **Mendocino County Childhood Lead Program**

**Phone:** (707) 463-4461

**Fax:** (707) 463-4138

**Services in languages other than English:** Spanish-speaking staff are available, and educational materials are available in Spanish.

**Activities:** This office provides community outreach and education, medical provider training, and case management with both a medical and environmental component for children with elevated levels of lead.

### **Merced County Health Department Lead Prevention Program**

**Contacts:** Iantha Thompson, Coordinator or Anita Gasper, Community Health Specialist

**Phone:** (209) 385-7704 ext. 6099 (for Iantha Thompson)

(415) 554-8938 ext. 6094 (for Anita Gasper)

**Fax:** (209) 722-3744

**E-mail:** [chdp1@co.merced.CA.US](mailto:chdp1@co.merced.CA.US)

**Services in languages other than English:** Spanish-, Hmong-, and Lao-speaking staff are available. Educational materials are available in Spanish, Hmong and Lao.

**Activities:** This office provides case management and environmental inspections for children with elevated blood-lead levels; Educational materials are provided, and educational outreach activities are provided to high risk communities in Merced County.

### **Plumas County Health Department**

**Phone:** (916) 283-6330

**Fax:** (916) 283-6110

**Services in languages other than English:** Educational materials are available in Spanish.

**Activities:** This office provides medical case management of lead poisoned children and lead education and outreach.

### **Riverside County Health Services Agency - Department of Public Health Childhood Lead Poisoning Prevention Program**

**Contact:** Leticia Perez, PHN

**Phone:** (909) 358-5424

**Fax:** (909) 358-5386

**TDD:** (909) 358-5124

**Services in languages other than English:** Spanish-speaking staff are available and educational materials are available in Spanish.

**Activities:** This office provides case management of children with elevated blood lead levels. Educational materials are available. Presentations and workshops on sources, effects and preventive measures are provided to concerned groups and medical personnel.

### **San Francisco Childhood Lead Prevention Program**

**Phone:** (415) 554-8930

**Fax:**(415) 554-8938

**Services in languages other than English:** Spanish-, Cantonese-, Urdu-, Arabic-, and Korean-speaking staff are available. Educational materials are available in Spanish and Cantonese.

**Activities:** This office provides case management, including the coordination of medical intervention and environmental investigation. Educational outreach, legislative advocacy, and data analysis are also provided.

### **San Joaquin County Childhood Lead Poisoning Prevention Program**

**Contact:** Sujane Pak, MSN, PHN

Bruce Askana, REHS

**Phone:** (209) 468-0327

**Fax:** (209) 468-2072

**Services in languages other than English:** Spanish-, Vietnamese- and Cambodian-speaking staff are available. Educational materials are available in Spanish, Hmong, Laotian, Cambodian, and Vietnamese.

**Activities:** This office provides case management for children with lead poisoning, presentations to agencies and community organizations, educational materials, and community outreach.

### **San Luis Obispo County Public Health Department Lead Poisoning Prevention Program**

**Phone:** (805) 781-5500

**Fax:**(805) 781-5543

**Services in languages other than English:** Spanish-speaking staff are available, and educational materials are available in Spanish.

**Activities:** This office provides referrals for blood-lead tests, and public health nurse followup of lead-poisoned children. Home investigations are conducted by an environmental health specialist and a public health nurse when lead poisoning is suspected. Consultation on cases of occupational lead poisoning is also provided.

### **Santa Cruz County Health Services Agency Childhood Lead Poisoning Prevention Program**

**Contact:** Carol Sparks, PHN

**Phone:** (408) 763-8937

**Fax:** (408) 763-8910

**Services in languages other than English:** Spanish-speaking staff are available, and educational materials are available in Spanish.

**Activities:** This office provides case management of lead poisoned children as well as community outreach and education.

**Tulare County Health and Human Services Agency**

**Phone:** (209) 685-2535

**Fax:** (209) 685-2661

**Services in languages other than English:** Spanish-, Punjabi-, Hmong-, Lahu- and Lao-speaking staff are available. Educational materials are available in Spanish, Hmong, Lahu, and Lao.

**Activities:** This office provides educational outreach (including information on sources, prevention, blood testing, and lead tableware testing.)

**City of Vernon Health Department**

**Contact:** Lewis Pozzebon, Health Officer

**Phone:** (213) 583-8811

**Fax:** (213) 583-4451

**E-mail:** [Lpozzebon@vernongov.org](mailto:Lpozzebon@vernongov.org)

**Services in languages other than English:** Spanish-speaking staff are available. Educational materials are available in Spanish.

**Activities:** This office provides environmental regulatory oversight of environmental site assessments and remediation.

**Yolo County Public Health**

**Contact: Vernetta Marsh, PHN Phone:** (530) 666-8645

**Fax:** (530) 666-8674

**Services in languages other than English:** Spanish-, Laotian-, Cambodian- and Russian-speaking staff are available. Educational materials are available in Spanish, Laotian, Cambodian and Russian.

**Activities:** This office provides case management of children with elevated lead levels. Also provided is assessment and information to the public and to health care providers.

## WISCONSIN

### LOCAL AND REGIONAL CONTACTS

**Appleton Office of the Occupational Safety and Health Administration**

**Phone:** (414) 734-4521

**Activities:** This office provides information concerning OSHA regulations and worker protection of private sector employees.

**Eau Claire District Office of the Department of Natural Resources**

**Bureau of Solid and Hazardous Waste Management**

**Bureau of Drinking Water and Ground Water**

**Phone:** (715) 392-3759

**Activities:** This is the Eau Claire contact for solid and hazardous waste management issues. Lead laboratory analysis for water in Eau Claire is also provided.

**Eau Claire Office of the Occupational Safety and Health Administration**

**Phone:** (715) 832-9019

**Activities:** This office provides information concerning OSHA regulations and worker protection of private sector employees.

**Fitchburg District Office of the Department of Natural Resources**

**Bureau of Drinking Water and Ground Water**

**Phone:** (608) 275-3208

**Activities:** Lead laboratory analysis for water in Fitchburg.

**Green Bay District Office of the Department of Natural Resources**

**Bureau of Solid and Hazardous Waste Management**

**Bureau of Drinking Water and Ground Water**

**Phone:** (414) 492-5870

**Activities:** This is the Green Bay contact for solid and hazardous waste management issues. Lead laboratory analysis for water in Green Bay is also provided.

**LaCrosse District Office of the Department of Natural Resources**

**Bureau of Solid and Hazardous Waste Management**

**Phone:** (608) 785-9984

**Activities:** This is the LaCrosse contact for solid and hazardous waste management issues.

**Madison District Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management**

**Phone:** (608) 275-3208

**Activities:** This is the Madison contact for solid and hazardous waste management issues.

**Madison Office of the Department of Agriculture, Trade and Consumer Protection**

**Contact:** Tom Stoebig

**Phone:** (608) 224-4960 (general number) or (608) 224-4944 (for Tom Stoebig)

**Activities:** This is the Madison contact for consumer complaints against lead contractors for unprofessional work, or Landlord/Tenant Law concerning unsafe conditions. Tom Stoebig is the contact for concerns regarding lead content in consumer products.

**Madison Office of the Occupational Safety and Health Administration**

**Phone:** (608) 264-5388

**Activities:** This office provides information concerning OSHA regulations and worker protection of private sector employees.

**Madison Office of the University of Wisconsin Soils Laboratory**

**Phone:** (608) 262-4364

**Activities:** Soil analysis is provided.

**Milwaukee District Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management**

**Bureau of Drinking Water and Ground Water**

**Phone:** (414) 263-8659

**Activities:** This is the Milwaukee contact for solid and hazardous waste management issues. Lead laboratory analysis for water in Milwaukee is also provided.

**Milwaukee Health Department**

**Phone:** (414) 286-3526

**Activities:** This is the blood-lead analysis laboratory for Milwaukee. Pottery analysis is also provided.

**Milwaukee Office of the Occupational Safety and Health Administration**

**Phone:** (414) 291-3315

**Activities:** This office provides information concerning OSHA regulations and worker protection of private sector employees.

**Milwaukee Office of the University of Wisconsin Soils Laboratory**

**Phone:** (414) 229-4894

**Activities:** Soil analysis is provided.

**Rhineland District Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management  
Bureau of Drinking Water and Ground Water**

**Phone:** (715) 369-8910

**Activities:** This is the Rhineland contact for solid and hazardous waste management issues. Lead laboratory analysis for water in Rhineland is also provided.

**Spoooner District Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management  
Bureau of Drinking Water and Ground Water**

**Phone:** (715) 635-4065

**Activities:** This is the Spoooner contact for solid and hazardous waste management issues. Lead laboratory analysis for water in Rhineland is also provided.

**Superior District Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management**

**Phone:** (715) 392-7988

**Activities:** This is the Superior contact for solid and hazardous waste management issues.

**Wisconsin Rapids Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management**

**Phone:** (715) 421-7816

**Activities:** This is the Wisconsin Rapids contact for solid and hazardous waste management issues.

**Wausau District Office of the Department of Natural Resources  
Bureau of Solid and Hazardous Waste Management**

**Phone:** (715) 359-4522

**Activities:** This is the Wausau contact for lead removal and disposal issues.

**STATEWIDE CONTACTS**

**Department of Health and Family Services**

**Division of Health, Bureau of Public Health**

**Contact:** Henry Anderson, Chief Medical Officer,

Mark H. Chamberlain

Kristi Morris

Margie Joose Coons

Mary Musholt

Sue LaFlash or

Rich Spindler

**Phone:** (608) 266-5817 - General number

(608) 266-5817 (for Henry Anderson)

(608) 266-7897 (for Mark Chamberlain)

(608) 261-6375 (for Kristi Morris)  
(608) 267-0473 (for Margie Joose Coons)  
(608) 266-1826 (for Mary Musholt)  
(608) 266-8176 (for Sue LaFlash) or  
(608) 261-9433 (for Rich Spindler)

**Activities:** This is the Governor's contact for lead-related issues. Contact Mark Chamberlain or Kristi Morris for information on inspection procedures, technical assistance, basic lead cleanup procedures, abatement options, and information on borrowing HEPA vacuums. Contact Margie Joose Coons, Mary Musholt or Sue LaFlash for information on childhood lead poisoning reporting requirements, care coordination, and health effects. Contact Rich Spindler for information on childhood lead screening data.

### **Childhood Lead Program**

**Contact:** Perry Manor, Shelley Bruce or Jeanette Tierney

**Phone:** (608) 266-5817 (general number)  
(608) 267-2297 (for Perry Manor)  
(608) 267-0928 (for Shelley Bruce)  
(608) 267-3256 (for Jeanette Tierney)

**Activities:** This office provides lead poisoning prevention educational materials. Perry Manor is the contact for lead training and certification; Shelly Bruce is the contact for information on certified contractors, and Jeanette Tierney is the contact for information about adult lead exposure and reporting requirements.

### **Department of Agriculture, Trade and Consumer Protection**

**Phone:** 1-800-422-7128

**Activities:** This is the statewide contact for consumer complaints against lead contractors for unprofessional work, or Landlord/Tenant Law concerning unsafe conditions.

### **Department of Justice**

**Contact:** Chuck Hoornstra or Steve Tinker

**Phone:** (608) 266-9945 (for Chuck Hoornstra) or (608) 266-0764 (for Steve Tinker)

**Activities:** Chuck Hoornstra is the contact for liability litigation on exposure to lead hazards; Steve Tinker is the contact for enforcement of Chapter 254, environmental health, and lead inspections.

### **Consumer Protection of the Legal Services Division**

**Phone:** (608) 266-1852

**Activities:** This is the contact for complaints against lead contractors.

### **Department of Natural Resources**

#### **Bureau of Solid and Hazardous Waste Management**

**Contact:** Fred Johnson, Ed Lynch, Barb Zellmer or Joe Brehm

**Phone:** (608) 264-6015 (for Fred Johnson) or (608) 266-3084 (for Ed Lynch) or

(608) 266-7055 (for Barb Zellmer) or (608) 267-7541 (for Joe Brehm)

**Activities:** This is the state contact for solid and hazardous waste management issues. Callers are encouraged to contact appropriate DNR districts first. Barb Zellmer is the contact for transportation applications for hazardous waste hauling. Joe Brehm is the contact for air emissions of lead from factories or lead removal projects from homes, bridges, or water towers.

#### **Bureau of Drinking Water and Ground Water**

**Phone:** (608) 266-0821 or the nearest DNR district office

**Activities:** This office provides a list of private certified laboratories for water testing.

#### **State Laboratory of Hygiene**

**Phone:** (608) 262-1146 or (608) 262-1293

**Activities:** This office provides a list of laboratories that conduct blood lead analysis. Soil analysis is also provided.

#### **State Occupational Health Laboratory**

**Phone:** (608) 263-6550

**Activities:** This laboratory provides analyses of paint chips, dust and air samples.

#### **Department of Administration**

**Contact:** LeRoy Binger

**Phone:** (608) 266-2333

**Activities:** This office provides information concerning lead in state-owned buildings or on the Department of Administration guidelines on lead abatement.

#### **Division of Housing**

**Contact:** Marie Kiley

**Phone:** (608) 267-2726

**Activities:** This office will provide a brochure describing funding resources for lead hazard reduction.

#### **Department of Labor and Human Relations**

**Contact:** Gordon Helmeid

**Phone:** (608) 266-1818

**Activities:** This office provides information on worker protection of public employees.

#### **Department of Public Instruction**

**Contact:** Brad Adams, School Facilities Supervisor

**Phone:** (608) 266-2803

**Activities:** This office collects information on lead in the state's public schools

#### **Department of Regulation, Licensing, Bureau of Direct Licensing and Real Estate**

**Contact:** Marlene Maly

**Phone:** (608) 266-0648

**Activities:** This office handles complaints against real estate agents and brokers for failure to disclose potential lead hazards.

**Wisconsin Nutrition Council, Inc.**

**Phone:** (608) 251-4153

**Activities:** This office provides information for parents about nutrition and lead exposure.

**Occupational Safety and Health Administration**

**Regional V Office; Chicago**

**Phone:** (312) 353-2220

**Activities:** This office provides information concerning OSHA regulations and worker protection of private sector employees.

**United States Environmental Protection Agency**

**Region V (Chicago, IL office)**

**Phone:** (312) 886-7836

**Fax:** (312) 353-4342

**Activities:** The EPA Region V office implements federal environmental programs in the state of Wisconsin. This regional office cooperates with federal state, interstate, and local agencies, as well as with industry, academic institutions and other private groups to ensure that needs are addressed and that federal environmental laws are upheld.

---

**WYOMING**

**Air Quality Division**
